## DOCKET NO. 2019-57-E

**South Carolina Electric & Gas Company's 2019 Annual Update on Demand Side Management Programs and Petition for an Update to Rate Rider**

On January 31, 2019, South Carolina Electric & Gas Company ("SCE&G") or ("Company"), pursuant to S.C. Code Ann. § 58-37-20 (2015), S. C. Code Ann. Regs. 103-819 and 103-825, and Public Service Commission of South Carolina ("Commission") Order No. 2010-472 issued in Docket No. 2009-261-E, as affirmed and modified by Order No. 2013-826 issued in Docket No. 2013-208-E, filed with the Commission its Annual Update on Demand Side Management ("DSM") Programs and in doing so, requested that the Commission issue an order authorizing SCE&G to update its "Rider to Retail Rates – Demand Side Management Component" to provide for the recovery of SCE&G's costs and net lost revenues associated with its DSM programs along with the Commission-approved shared savings incentive for investing in such programs, effective for bills rendered on and after the first billing cycle of May 2019.

According to the Petition, the proposed rates and charges, if approved, would be as follows: \$0.00184 per kilowatt hour ("kWh") for residential; \$0.00274 per kWh for small general service; \$0.00176 per kWh for medium general service; and \$0.00093 per kWh for large general service. The Petition states that if the Commission approves the proposed DSM rate for a residential customer, the Company estimates that the DSM Rate Rider will cause the bill of an average residential customer using 1,000 kilowatt-hours per month to decrease approximately \$0.37. SCE&G requests that the proposed adjustment, if approved, be effective for bills rendered on and after the first billing cycle of May 2019.
